## THE CONCEPT

- **90 second** wood fired style **pizzas** (yes, really - we've tested it ourselves!)
- In **any location** you can plug in
- Using quality **pre-prepared dough**, sauce and cheese
- With **no specialist staff** needed

1  
Stretch

2  
Top

3  
Cook

## WHY IT'S SO GREAT

- Creates additional service (by the pool or in the bar, or after hours room service, no chef needed)
- No oven temperature recovery time needed
- You can use it as a normal oven too (still super fast - how about a 20 second garlic bread)
- No canopy needed
- Pre-prepared fresh ingredient pizza packs available, or use your own ingredients
- Oven comes with everything - pizza trays, spatula, shelves

## AT A GLANCE

- **FAST** - from 90 seconds per pizza
- **SIMPLE** - just plug and cook, single phase, 15Amp
- **EASY** - digital temperature controls anyone can use
- **NO FUSS** - buy everything in one place
- **SPACE SAVER** - ovens can be double stacked
