

# THE 90 SECOND PIZZA

## THE CONCEPT

- **90 second** wood fired style **pizzas** (yes, really - we've tested it ourselves!)
- In **any location** you can plug in (15Amp plug)
- Using your own quality pre-prepared ingredients
- With **no specialist staff** needed

# SO FAST, SO EASY

## WHY IT'S GREAT

- Creates additional revenue, easily serve quality pizza by the pool or in the bar, or after hours room service, no chef needed
- No oven temperature recovery time needed
- You can use it as a normal oven too (still super fast - how about a 20 second garlic bread or 40 second Oysters Kilpatrick)
- No canopy needed
- Oven comes complete with everything and ready to go - pizza trays, spatula, shelves

## AT A GLANCE

- **FAST** - from 90 seconds per pizza
- **SIMPLE** - just plug and cook, single phase, 15Amp
- **EASY** - digital temperature controls anyone can use
- **SPACE SAVER** - ovens can be double stacked
- **NO FUSS** - all your pizza equipment and smallwares from one place
